Call to order/agenda

The meeting was called to order at 2:06 pm by Director Kennedy. The agenda was approved by acclamation.

Board Discussion

Sarah Shepherd gave the Board an update on an article published and then taken down within a couple of hours by the Douglas County Lantern, which linked to a draft letter from the District to Douglas County related to the ARPA funds. This article included supposed quotes which were not factual, with possible reputational and relationship ramifications for the District with its partners. This meeting is to discuss the District's response and any possible action related to this article. Discussion followed.

Director Collitt noted that he shared the draft letter with a correspondent from the Douglas County Lantern, with clear instructions to not share it, as it was still in draft form. Despite this instruction, the letter was shared within an article and sent via email to all subscribers. Director Collitt apologized for the events that have unfolded.

The Lantern reporter was contacted and had the article and the link to the draft letter removed. Chuck Montera noted that a Media Holding Statement has been prepared for the District to share with any inquiries that may come in. Additional discussion followed.

Jeffery Erb noted that the District did not publish the letter, the publication did. As such there should be no legal impact or liability for the District due to this event. Additional discussion followed.
